Nyahururu, Kenya

Melissa Nyakinyua

Profile

Biostatistics graduate with hands-on experience in public policy research, spanning questionnaire design, field data collection, dataset validation and reporting. Proficient in R, Excel and SurveyCTO, with a strong focus on data quality and clear, accurate reporting. Seeking a data-driven research role where I can apply rigorous quantitative methods to research that informs real-world decisions.

Key Skills

- Statistical Data collection
- Data cleaning and analysis
- Microsoft Excel
- R programming language
- Monitoring and evaluation
- Planning and budgeting support
- Data management and validation
- Report writing and presentation
- Statistical Computing
- Sales forecasting
- Microsoft 365
